### How to Use This Index

This index to Volume 24 serves as a guide to articles appearing in the *IMF Survey* in 1995. For each article, the heading, date, and initial page number are listed under all appropriate subject headings. Page numbers with "t" indicate tables. Authors of *IMF Survey* articles are indicated by a ☆.

In 1995 the *IMF Survey* featured special issues dated May 8 (Spring Meetings), September 1995 (*Supplement on the IMF*), and October 23 (Annual Meetings).

Page numbers in the *Supplement on the IMF* are indicated in the index by an *S* in front of them.

The index includes supplementary listings of speeches of the Managing Director (see page 396) and of IMF publications reviewed (see pages 402-403), as reported in the *IMF Survey* during the year. These entries are also listed by topic.

Each year's annual index is included in bound volumes of the *IMF Survey* available from the IMF. Volume 24 will be available for $89.00 from Publication Services, International Monetary Fund, Washington, D.C. 20431, U.S.A.
